WALL WEDGE

"Solo"

Dimensions:

Width: 12"

Height 16"

Depth 8"

Can be used with:

- FLEX
- SUMO
- DESK
- STATIC 60

- Wedge mounts directly to the wall
- USB cable passes through stalk into the Wedge cavity
- Recommend installing power outlet behind the Wedge
- * If that represents a **code violation**
 - install USB power outlet below the Wedge
 - install USB power outlet on other side of wall

Why Use a Wall Wedge?

If a standard wall-mounted iPad stand is used in a children's environment, there is the very real possibility that it will be pulled down from the wall unless the wall is reinforced and there is supervision to ensure the stand itself is not used as a play item.
